

Key Features of your NEJM.org Site License — A QUICK GUIDE

NEJM INSTITUTION ADMINISTRATION CENTER

Log on to: nejm.org/institutional-administration-center to set up your account.

Site license administrators can manage their institutional accounts in the [Institution Administration Center](#). As the administrator you are able to obtain usage reports, add institutional branding (text and logo), and enter OpenURL reference links. You may also update your email address, password, personal information, and alert preferences. All IP changes are managed through the IP Registry. Please visit theipregistry.org/sign-up to register yourself as a user and check your IPs.

INTERLIBRARY LOAN (“ILL”): You may supply single copies of articles from NEJM.org to a noncommercial library by post, facsimile, or digital transmission, provided such use is in accordance with applicable copyright law and subscriber’s ILL procedures.

COURSE PACKS AND ELECTRONIC RESERVES: You may link to or display discrete items of content from NEJM.org in course management systems via a secure network in connection with course instruction.

CONTACT US: For questions regarding your account please email us at institutionsales@nejm.org or contact your representative directly:

Americas	Mike Tavares	mtavares@nejm.org	(781) 434-7095
Asia/Pacific/Global Corporate	David Kipp	dkipp@nejm.org	(781) 434-7634
Europe/Middle East/Africa	Patrice Skelley	pskelley@nejm.org	(781) 434-7380

STAY CONNECTED — NEJM.ORG IS OPTIMIZED FOR ALL MOBILE DEVICES

NEJM REMOTE ACCESS offers a remote-access option for library patrons that supports convenient and more flexible access to this journal outside of your institutional IP range — anytime, anywhere, and from any device. Simply sign in to or create your NEJM.org account using any device while you’re within your organization’s network. Your institution’s access rights are automatically applied to your NEJM.org account for a period of 60 days. NEJM content is also available through Google Scholar CASA.

NEJM LIBRARYHUB is your source for ideas, information, and tools that enables you and your institution to make full use of the rich content and multimedia available with your site license. Includes feature articles on medical librarianship and NEJM Group products and initiatives. Sign up to be alerted when new articles are posted at libraryhub.nejm.org.

CONTENT ALERTS: Free weekly emails sent on Wednesdays for the **Table of Contents** (includes article links) and the **Clinical and Resident Briefing** (includes teaching topics from the current issue). **Recently Published** alerts provide immediate notification of articles published online ahead of the print issue.

NEW@NEJM: Learn about new interactive content and features in this free quarterly email.

NEJM RESIDENT 360 — RESIDENT360.NEJM.ORG

NEJM RESIDENT 360: A website and social platform where internal medicine and pediatrics residents as well as medical students can build knowledge and confidence with expertly curated resources by NEJM Group editors. Rotation Prep, Learning Lab, Resident Lounge, Career, Student Corner, and Discussions sections support learning by providing valuable teaching and learning tools for a more interactive education. Free access via IP-authentication is included with your site license. Students and residents can visit resident360.nejm.org from a registered IP address to create their free account and access content.

TEACHING TOOLS

Demonstrate Procedures

VIDEOS IN CLINICAL MEDICINE allow you to watch common clinical procedures on your computer or mobile device. Peer-reviewed for accuracy and chaptered for easy reference, these videos provide a concise review of the procedure, including preparation, equipment, and more. PDF summaries of the procedures are also available for download.

Identify Signs and Conditions

IMAGES IN CLINICAL MEDICINE present striking examples of a common clinical presentation along with accompanying text. Two images are published each week. **IMAGE CHALLENGE** helps hone diagnostic skills. Each Image Challenge presents an acclaimed NEJM medical image and asks the viewer to make a diagnosis or answer a question.

Teach Diagnostic Skills

CASE RECORDS OF THE MGH describes the treatment of an actual case, offering insights into the expert physician's medical decision-making, diagnosis, and treatment options. The Case Challenge feature provides the case description from an upcoming Case Record of the MGH — but without the diagnosis. Users vote on the patient's diagnosis and choose which diagnostic test(s) to order. **INTERACTIVE MEDICAL CASES** allow users to virtually manage an actual peer-reviewed case. View videos, lab results, and brief commentaries that explain important concepts. **CLINICAL PROBLEM-SOLVING** follows top clinicians as they are presented with data in stages to simulate a clinical setting.

Review Treatment Options

CLINICAL PRACTICE articles present a single case, followed by a complete description of diagnostic and treatment strategies, therapeutic options, and treatment guidelines.

Find Teaching Materials

The **CLINICAL AND RESIDENT BRIEFING** is a weekly email with summaries of two current articles that are particularly valuable for teaching.

QUICK TAKE videos present highlights of important articles in an engaging, animated format. These brief videos offer an innovative way to understand important new research findings that have an impact on medical practice and patient care.

Create a Presentation

POWERPOINT SLIDE SETS make it easy to present NEJM articles, figures, and tables. Slide Sets are available for Original and Review Articles, Case Records of the MGH, Clinical Problem-Solving, and Clinical Practice articles.

POWERPOINT IMAGE DOWNLOADS for images, illustrations, and tables include title and citation information in the TOOLS section to the right of the article.

OTHER PRODUCTS FROM NEJM AND NEJM GROUP

NEJM ARCHIVES covers nearly 200 years of medical history (1812–1989) with access to every article NEJM has published. Fully digitized and searchable. Available as a one-time purchase in two parts (Part 1: 1812–1944 and Part 2: 1945–1989)

NEJM CATALYST INNOVATIONS IN CARE DELIVERY provides in-depth articles, case studies, interviews, and Insights Council reports. Highlights new insights to transform health care delivery within your organization. Learn more at catalyst.nejm.org.

NEJM JOURNAL WATCH summarizes and puts into perspective the most important research, medical news, and guidelines across 12 specialties. An essential resource for busy clinicians and available as an annual site license subscription — learn more at JWatch.org.

NEJM KNOWLEDGE+ FOR RESIDENCY PROGRAMS: Extensive question banks, robust reporting, and practice exams make NEJM Knowledge+ an efficient, comprehensive learning solution for residency programs. Learn more at knowledgeplus.nejm.org.
